We can help.

We're a **professional tango academy** based in Angel, Islington. We offer tango related events, team building gatherings, master classes and promotional events that are sure to amaze. As the most *social* of social dances, tango will act as a glue between team members and clients, and will make hierarchy melt like an ice cream in the hot weather of Buenos Aires.

Team building & Corporate events

Impress the boss with a truly great idea. If you are done with forest based activities, inspire everyone with something that truly builds teams – tango. It's a great way for colleagues to get to know each other, and it's not forced since it's social in nature, so the results will show. It's also lots of fun.
